- State Identification Card

- Birth Certificate
- Social Security Card

If you do not have all documents, please come anyway!

INFORMATION GATHERING

The goal is to learn more about your current housing situation and offer the appropriate resources, so we may assist you in creating a housing action plan.

RESOURCES

We will offer you resources that match your specific needs to help you better end your homelessness. Ex: medical care, employment assistance, identification services and more!

Once we have helped you explore potential resources to address any current housing barriers, we'll work together to create a short-term housing plan.

HOUSING PLAN

Your short-term housing plan will include where you can stay for the next week or so. Next, we'll help you create a long-term housing plan that focuses on safe and stable permanent housing.

THE PROCESS

Please call before visiting the Family Housing Hub. Hours of operations are subject to change. All adults over the age of 18 are required to be present during your appointment.

WORK THE HOUSING PLAN

Use the short and long-term housing plan along with the resources you have obtained to meet your goals!

-  **Increase Income**
Connect to community organizations to discuss your options
-  **Government Benefits**
Get connected to benefits like cash assistance, food stamps (SNAP), and Medicaid (AHCCCS)
-  **Get Identification**
Get two valid forms of ID: State ID, birth certificate, social security card, etc.
-  **Look for Housing**
Look at housing and apartment listings that you want to live in and that are affordable for your budget

Unfortunately, **we do not provide** any type of financial resources and there is no immediate shelter placement available for families. The above process does not guarantee shelter or housing placement. If you have been placed on the shelter list, the shelter will call you as soon as there is availability to complete an intake. If your contact information has changed, please call and notify us immediately at (602) 595-8700.
