

# foster care department fact sheet

## creating forever homes

A New Leaf's Foster Care Services understand the unique challenges that foster children face and aim to create stable, happy homes for foster children in Arizona. A New Leaf works to provide foster families with the support they need, ensuring that foster parents have the licensing, confidence, and resources they need to care for a child from the foster system.

Our facilities include advocacy for children placed, support groups, free initial and ongoing training, 24/7 on call support staff and state compliance guidance.

## support for your new family

When the training and licensing processes are complete, A New Leaf's staff closely facilitates transitioning the right child into the right home and provides ongoing monitoring and support to all foster and adoptive families.

Start your journey towards becoming a foster parent today by applying to A New Leaf's Foster Care program. We will work with you every step of the way to ensure you are prepared, comfortable, and capable of providing a loving home to a child in need.
